If you have rheumatism, take TARTARIC LITHINE. If you take TARTARIC LITHINE, you take a remedy which has nothing in its nature even remotely resembling chance. The cure is based upon medical science. It is no experiment; it has cured; it will cure; it does cure all forms of rheumatism. This is what a prominent New Jersey physician says:

SPRINGWOOD, N. J., Aug. 3d.

Dear Sirs:—Please send me by mail four more bottles of Tartaric Lithine.

I will here state, in justice, that this is the most welcome remedy that has come into my hands since my beginning of the practice of medicine. It has given me, in every case in which I have used it, the happiest kind of results. I have used discretion, perhaps even more than necessary, in its employment. Old chronic cases, where there is a tendency to calcareous deposits, have been to me the most troublesome patients to give good results. Now these have been the very kind in which I have been using Tartaric Lithine with the very happiest results to patients and myself.

The appointment of a license commissioner by Mayor Leonard will probably be made the middle of next week. Letter to F. E. Gleason, Andover, Mass.

Dear Sir:—What is coal worth? "Depends on the coal," you say—"what sort do you want?"

That's how some people talk about paint. They ask: "What'll you paint my house for?" The Yankee answer is: "How do you want it painted? One coat? two coats? three coats? first-class or cheap?"

The proper answer is: "I want the best paint put on as it ought to be." That's Devoe; but the usual answer is: "I want a good job; but I want it cheap." Which means: I want you to paint it for nothing. I want to be fooled.

Lead and oil is the costliest paint there is; not the best; it used to be best. Devoe is best, since zinc came in: Devoe lead and zinc. Zinc toughens the lead and doubles its wear.

Zinc costs no more than lead; and we grind by machinery.

We have no patent on zinc; but nobody else is treating it right. Devoe is your paint.

Yours truly,

F. W. DEVOE & CO.

On account of the small number of applicants secured for the clerk-carrier examination to be held at the town on June 9, 1902, the U. S. Civil Service Commission has extended the time for filing applications therefor up to the time the examination begins. This examination is to be held for the purpose of establishing a list of eligibles for appointments as letter carriers to be made in the Andover postoffice, and it is hoped that all citizens meeting the requirements will avail themselves of this opportunity of entering the government service. The examination is a practical test of general information and adaptability to postoffice work, and is not difficult in character. Application blanks and information concerning the examination can be secured from Miss Mary W. Burt, at the postoffice, or E. E. Stebbins, Postoffice Building, Boston.

TROLLEY LEAGUE

Saugus 11; Andover Town Team 9.

On Memorial day the town team played two games, one in the forenoon and one in the afternoon. The morning game they lost to Saugus, 11 to 9. The locals had the game well in hand until the seventh inning when wild throwing about the diamond gave Saugus the opportunity they needed and seven runs were scored in two innings. Mander pitched for Andover.

Andover 9; Stoneham 7.

In the afternoon, Stoneham was Andover's opponent and was defeated by a narrow margin of two runs. Pomeroy was in the box for Andover and pitched well. Cullinan on third and Stewart on second played good ball. Maloney caught and batted well.

ANDOVER WON TRACK MEET.

At Exeter Saturday Phillips Andover won the athletic meet with Exeter, the score being 53 to 51.

It was the 13th dual meet and the first that Andover has won in five years. Andover has now won seven and Exeter six tournaments.

Three dual meet records were broken. That in the high jump was 5 ft. 6 in. Whitcomb of Exeter raised it 2 3/4 inches, beating his own Exeter record by a quarter inch. He then made an exhibition jump of 5 ft. 10 1/4 in.

In the hammer throw, Kinney of Andover raised the 142 ft. 10 1/4 in., established last year by Connor of Exeter, to 145 ft. 11 in.

The pole vault record was 10 ft 3 1/2 in. It was decisively beaten this afternoon by three contestants. McGovern of Andover raised it to 10 ft 7 1/2 in. Moore of Exeter and McLanahan of Andover tied at 10 ft. 5 in. In vaulting for the prize the latter did an arch better.

The bicycle race was contested Wednesday at Boston, resulting 6 to 2 for Exeter.

The teams came to the throw and vault, which were started together, with the score 4 1-2 to 4 1-2 in Exeter's favor. She needed only five points to win, but could get only 3 1-2.

Capt. Connor's best throw was 139 ft. 9 in., which led Kinney to his last throw, which won the meet for Andover.

McLanahan and Moore had not vaulted off their tie, but needless of this, Andover stormed into the oval and shouldered the redoubtable Kinney. Like demonstrations followed for other members of the team, and there was a babel of cheers and noise. Meanwhile Exeter marched from the campus to the square, where it heartily cheered its team and coach. It was a victory at which Andover may well feel elation and defeat which would not sting Exeter.

100-yard dash—Won by Sumner of Andover, Watkins of Andover second. Peters of Exeter third. Time 10 3/8.

120-yard hurdles—Won by Coffin of Andover, W. L. Anderson of Exeter second, Fry of Andover third. Time 16 4/5.

The Legislature.

FIRST VETO BY GOVERNOR.

BOSTON, June 3.—Today at 10.30 the special committee on metropolitan affairs has its meeting at which it is believed that a subway bill will be finally presented. This bill will be turned over to the whole committee, and so on to the house, and it is hoped it will end the veil of mystery.

Understood, the bill to be reported provides for a two-track tunnel, with a provision for a subway at some future date if needed.

This is to be built and owned by the city and leased to the elevated. The terms of rental and rate of interest will be settled by the committee, and a referendum is providing for the whole question.

The shadow of this coming legislation was on the hill yesterday. A meeting was called for the morning and Mr. Winsor of the "L" road was on hand. It was not held, owing to other matters needing attention.

GOVERNOR'S VETO.

Gov. Crane sent his first veto of the year to the legislature yesterday, where it was ordered printed. It was on the resolve for \$33,000 for Herring river, down the Cape. The communication was addressed to the senate and house.

It said: "I return herewith a resolve entitled 'Resolve to direct the board of harbor and land commissioners to improve the entrance of Herring River, in the town of Harwich,' with my objections there-to in writing."

"Considering all the facts in the case which have been brought to my attention, I am convinced that the appropriation authorized by the resolve, namely, \$33,000, is extravagant and wasteful. I cannot feel, therefore, that I am justified in giving my approval to a measure carrying a large appropriation for the improvement of a shallow, unimportant stream, in a locality where the population is small, and the natural advantages for creating a harbor extremely meagre."

Harbor and lands reported for this, and the house ways and means against the house substituting the resolve for the adverse report.

THE HOUSE.

The house refused to reconsider the rejection of the resolves for reciprocity with Canada. McNary led the field, but the house voted steadily against him. The house turned down a batch of bounty claims. J. G. Warren of Brockton, C. H. Barnes of Warren, and Jewett of Ipswich were among those whose cases were lost.

Pearce of Fitchburg protested vigorously against a bill to compel Fitchburg to pay a sum of money to Westminister on account of land taken for water system. The bill was passed to be engrossed.

Quinn of Boston moved to amend the bill to legalize picketing during strikes by providing that exceptions shall only be made where statutes and ordinances in force at present are violated. Sutton of Needham said this amendment was intended to kill the bill. Quinn withdrew the amendment and the bill was engrossed.

Sergeant-at-Arms Davis reported that the total expenses of the legislature committed during the month of May was \$3618.87.

The committee on metropolitan affairs favorably reported a bill to permit Newton to lay a sewer in Beacon street, Boston, to accommodate the property holders of that city whose residences face upon Beacon street.

The committee on cities reported a bill to permit Everett to construct a contagious hospital.

In the house the Herring River veto message was tabled, in order that it might be printed.

Ross of New Bedford moved to reconsider the enactment and engrossment of the bill to enlarge the powers and duties of the state board of conciliation and arbitration. These motions prevailed, the senate concurred in and the bill was again passed to be engrossed.

THE SENATE.

In the senate a resolve was engrossed for an investigation as to state production of vaccine lymph, as were bills making appropriation for the diplomatic hospital; as to weighing and inspection of hay and straw; increasing the salary of the physician of the state prison; raising the salary of the clerk of courts of Plymouth co.; for payment of money to the father, of W. L. Mooney.

Sprague of Quincy asked the senate to reconsider its action in referring the Quincy gas petition to the next general court.

He had visited the works and found one lone man shoveling in some 6000 pounds of coal daily to illuminate the whole city of Quincy. In 11 years, the length of mains decreased, and yet their value, according to returns, increased in value from \$10,000 to \$33,474. In that length of time but \$3700 had been expended on the entire property. He offered a bill to reduce the price of gas from \$2 to \$1.25, saying if the motion prevailed he would offer a substitute to make the price \$1.75.

By a vote of 18 to 15 reconsideration prevailed. Williams urged that it was a bad precedent for the general court to fix the price of gas anywhere. By a vote of 15 to 16 the senate refused to substitute a bill to fix the price at \$1.75, and the report—reference to the next general court, was then accepted.

DISTRICT OPTION.

BOSTON, June 4.—After trying vainly all sorts of ways to kill the district option bill, Sen. J. A. Sullivan yesterday admitted his defeat in part, and added an amendment which provides that while the bill shall be voted on by the people at the next state election, it shall not go into effect until a year from that date.

This is virtually securing for the liquor sellers a year's leeway in which to close up their places and seek for new locations.

This amendment was killed, and afterwards the amendment for a year's delay was adopted.

Of even more importance than this bill perhaps, were the street bills which were reported to the senate by Sen. Manning for the committee on cities.

The first related to street assessments and provides that a man may be assessed for the entire benefit which is done to his street, provided that does not exceed 50 p. c. of the cost.

In the past a man could be assessed a sum which might reach the cost of the street. This is of particular interest to the builders on new streets, and streets where changes are being made in the line of improvements.

This bill provides that the mayor may decide whether the work on a street shall be done with or without contracts, but having decided for contracts, he must hold to them and each and every contract must be advertised.

Under the new bill all contracts must be advertised, no matter what the amount.

The other street bill for Boston provides for the reassessment of such

streets as were laid out under the act of 1891. Recently it has been discovered that owing to defects it was impossible to collect the assessments on Huntington, Hill and other avenues, and this bill has been framed to correct this injustice to the citizens.

The committee on street railways reported a bill to extend the corporate powers of the Stony Brook Valley St. Railway Co.

Public Service—Bill to give the ass't. clerk of the superior court designated to act as clerk for hearing cases from other counties than Suffolk \$500 additional salary, with Mills of Fall River dissenting; same committee, bill to increase to \$500 the salary of the 2d ass't. clerk of the Suffolk superior court for civil business.

Federal relations—Ought not to be adopted on the Hayes resolutions as to establishment of the republic of Cuba, on the ground that similar sentiments have recently been expressed by the President of the U. S. in behalf of the whole country.

In answer to questions by Howland of Suffolk, Fletcher of Middlesex explained that the Grafton & Upton R. R. ran through a sparsely settled country, and had been unable to give the traveling public the accommodations it desired. He urged the passage of the bill.

W. T. A. Fitzgerald of Suffolk favored an amendment to refer the bill to the votes of Upton, but Day of Worcester argued that there was no more reason why Upton should have a referendum than other towns on the route.

By a vote of five to six, the referendum amendment failed of adoption, and a roll-call was refused. The bill was then ordered to a third reading.

IN THE HOUSE.

The house came round to the support of the ways and means committee, yesterday it killed the bill to pay Clinton \$4000 a year in perpetuity, because of taxable property wiped out in building the water basin.

Hayes of Boston withdrew his amendment.

Adams of Melrose asked that the vote be taken by a call of the roll. This resulted 44 yeas to 98 nays against ordering the bill to a third reading.

On motion of Reed of Taunton the governor's veto of the Herring River bill was assigned for today.

There were passed to be engrossed: To admit the town of Wakefield to the Metropolitan Water District.

To authorize the board of agriculture to appoint a state nursery inspector; to provide that wages must be paid in lawful money of the U. S.

Schofield of Malden offered an order, which was adopted, extending to Thursday next the time for a final report by the committee on metropolitan affairs.

The committee on cities reported ought not to pass on the bill to authorize the city of Pittsfield to pave its streets and assess betterments therefor.

The bill to regulate the recovery of damages by owners of wharf property above the new drawless bridge between Cambridge and Boston was passed to be engrossed.

NEW JUDGES CONFIRMED.

BOSTON, June 5.—The senate, after unconsciously referring the Luce project for direct nominations to the next general court, a few days ago, reconsidered the bill, and passed it to be engrossed.

It provides for the nomination of all city officers, formerly named by delegates in conventions, by direct vote. This includes in Boston the mayor and the street commissioners, the aldermen, the school committee, the aldermen, councilmen, representatives and senators.

Apsey of Middlesex favored and Howland of Suffolk opposed reconsideration of the vote referring to the next general court. Reconsideration prevailed 14 to 8, and the bill was then engrossed without amendment, 18 to 4.

In the house yesterday Newton of Southboro opposed the rejection of the resolve instructing the harbor and land commissioner to remove the Fordway bar in the Concord river in Billerica.

Rejection of the bill was favored by Dean of Brookline for the committee on ways and means.

Hunter of Marlboro said the ways and means committee seemed only to take gold fellowship into account in making its findings.

Donner of Dalton favored the resolve and McMahon of Billerica defended it. Adams of Melrose said this resolve is simply wanted by the owners of 4000 acres of useless land, which they want improved at the expense of the Commonwealth.

Rejection of the resolve was further favored by Denning of Lanesboro and opposed by Newton of Southboro.

The resolve was rejected by a rising vote of 81 to 31.

The governor's veto of the resolve authorizing the harbor and land commission to improve the entrance of Herring River in the town of Harwich was sustained by a vote of 10 yeas to 15 nays.

Those who favored passing the resolve over the veto were Albee of Boston, Garfield of Brockton, Gleason of Boston, Hancock of Brockton, Kinney of Boston, Maloney of Lawrence, O'Brien of Lowell, Reed of Taunton, Brown of New Bedford, and Swift of Yarmouth.

Hayes of Lowell moved to substitute for the adverse report of the committee on prisons the resolve accompanying his petition that T. G. Nixon be compensated for injuries received at the hands of a fellow prisoner at the Mass. Reformatory.

By a vote of 27 to 71 substitution was refused. The adverse report was then accepted.

The bill to legalize the signatures of married women who are minors passed to be engrossed.

Quinn of Boston opposed the bill to legalize the revocation of charters of clubs where liquor has been sold illegally or where gaming limitations have been found. By vote of 63 to 29, the bill was engrossed.

IN THE SENATE.

In the senate yesterday Jones of

Middlesex asked the reconsideration of the enactment of a bill to authorize Boston to pay a sum of money to G. R. Farwell. The motion prevailed, and the bill was then laid over until Friday.

The committee on street railways on the recommended bill to authorize the Rockingham Co. Light and Power Co. to furnish electricity to certain street railways reported an amendment cutting out a reference to crossings of public highways. W. T. A. Fitzgerald ass't. Rep. Hunter dissent.

The committee on ways and means reported "ought not to pass" on a recommended bill for the expenditure of \$3000 in enforcing the laws as to renovated butter.

A bill was engrossed to extend the term of office of the commissioners to promote uniformity of legislation.

The senate adopted a new draft of a bill relative to the appointment of a committee to further the adoption by the states of a uniform law, making eight hours a legal day's labor moved by Bliss of Hampden, and it was then engrossed.

The new draft provides for two additional members of the board of commissioners for the promotion of uniformity of legislation in the United States to be appointed by the governor, one to represent the manufacturing interests and the other labor.

The bill to incorporate the N. Y. and Berkshire street railway company was engrossed.

The Hayes resolutions as to the establishment of the Republic of Cuba were rejected without debate, as recommended by the committee on federal relations.

By a vote of 6 to 18 without debate, a bill to give the railroad commissioners supervision over rates of transportation on steamship lines was refused engrossment. Nye of the Cape gave notice of a motion to reconsider.

Berry of Suffolk urged the rejection of the Carey bill to legalize "picketing" during strikes, lockouts, and labor disputes.

By a vote of 18 to 12 the bill was ordered to a third reading.

At a meeting of the executive council yesterday the four nominations for judges of the bench of the supreme court were confirmed.

F. J. Barnes and Elizabeth Coldridge of Cambridge were reappointed trustees of the school for the feeble-minded.

Edward Hamilton of Boston was named as a trustee of Westboro Insane Hospital.

REV. JOHN H. BARROWS DEAD.

BERLIN, O., June 3.—After nine days' illness with pleuro-pneumonia, John Henry Barrows, president of Oberlin college, died at 5.50 o'clock this morning. Mr. Barrows was unconscious at the time of his death which came during a sinking spell.

Dr. John Henry Barrows was born in Medina, Mich. July 1, 1847. He was graduated from Oberlin college in 1867. His theological training was obtained in Yale, Union and Andover seminaries. He did educational work in Kansas for two and a half years.

He preached in Springfield, Ill., and in Lawrence and Boston, Mass. He traveled abroad for one year. In 1891 he was called to the First Presbyterian church of Chicago where he served 15 years. In 1893 Mr. Barrows was the organizer and president of the world parliament of religions held during the world's fair. In 1896 he went to India to give Haskell lectures for the University of Chicago. On his return he lectured for two years. In November, 1898, he was elected president of Oberlin college. During his incumbency as president that institution has prospered greatly.

A widow, three daughters and a son survive him.

HIS CAREER IN LAWRENCE.

The Rev. John H. Barrows came to this city about 1876 to accept the pastorate of the Elliott church which was at that time in the building now occupied by the Young Men's Christian association. He remained in this city about four or five years and while here resided at 66 Bedford street.

By those who remember him, Mr. Barrows is spoken of as a very scholarly man and eloquent preacher. In 1879, when F. O. Kendall was commander of Needham post, G. A. R., the Rev. Mr. Barrows delivered the Memorial day oration and those who heard it remember it as a very beautiful and eloquent tribute to the dead heroes.

While in Lawrence Mr. Barrows was an intimate friend of the late William A. Russell.

When he left this city, about 1880 or 1881, he went to Boston, but later removed to Chicago. Sometime afterwards he was called to Oberlin college.

READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by Arthur Bliss.

GUESTS OF HAVERHILL BAR.

The members of the Lawrence Bar association will be the guests of their Haverhill brothers on next Saturday at Haverhill. Great preparations are being made for the event and the very best kind of a time is anticipated.

A ball game will of course, be a feature of the day. Last year's game was umpired by the Hon. William Moody, but the legal lights are afraid that this year they cannot get the new Secretary of the Navy to fill the position which he so admirably filled at the last bar outing.

Remarkable to relate nobody was hurt, the 40 passengers having all left the car. The accident occurred at 7.12 a. m., and in two hours the wreck had been cleared away. The cause of the accident was the sudden leaving of the electric power from the motors just as the electric got directly across the Boston & Maine rails.

An Expensive Visitor.

Not the least of the many troublesome features of the smallpox scare is the very great expense it entails upon the town, and the individuals who are more or less directly interested in it. To the town it means watchers, expensive medical attendance, expensive (and often extravagant) supplies of food and medicine and a constant watchfulness by regular and extra officials that draws very heavily upon the town treasury. To the individuals it means an even greater burden. Not only is there a loss of business for the time of actual illness, but the public is a long time in recovering from the fear of contagion, so that the loss often spreads over a long period.

And it is often the case that the innocent suffer even more than those who are really a menace to public health. One such case is noted in Andover where a casual remark that he had shaved one of the victims only a little while before his sickness, has caused the establishment of Eastman the barber to be very generally shunned for the past two weeks. The fact that the shaving was done in the town house shop and before any contagion was possible, is entirely lost sight of by the panic-stricken ones, and Mr. Eastman suffers accordingly.

The disease itself seems to be pretty closely confined to people associated with the original victim. No cases have developed in any other section of the town, and it seems likely that in a few weeks, the run will be ended. Meanwhile DON'T GET NEEDLESSLY FRIGHTENED.

Editorial Cinders.

As usual, the round of Andover anniversaries begins with the Seminary, and that takes place the coming week. It promises to be an interesting week, both because of the excellent program which has been arranged and because there is sure to be a very general consideration of the important question of keeping the Seminary in Andover or moving it. Of one thing we are sure; no one will come to Andover next week and walk in the shadows of the hill which fairly revels in Nature's glory at this time of year, without being convinced that it cannot be very difficult to get near to the Creator in such a place.

Former town counsel DeCourcy goes to the Massachusetts Superior Court bench, to be succeeded by another eminent lawyer, and one who has been linked very much with him in the public eye of late, Hon. Wm. S. Knox. That the town's interests will continue to be carefully looked after is assured, while the fact that it is to be done by one of the town's own citizens, will be gratifying.

The first thousand dollars is secured for the "Home for Aged." This means that the last thousand is sure to come sooner or later, and the sooner the better. The people who are interested in this project are beginning to realize that those who are pushing it, are bound to shall succeed. He who gives quickly gives a double portion.

It is not pleasant news to chronicle the fact that Major Marland and his family are to leave Andover for a year at least, in the South. The Major and Mrs. Marland have been active in the town life so long they seem like landmarks. The Townsman expresses the wishes of the community that the sojourn of a year may be of such benefit that Andover may again be the "home-land."

PRIZE SPEAKING.

Fourth Annual Competition For The Barnard Prizes Held At Punchard Hall Last Thursday Evening.

On a par if not a little ahead of past years, was the fourth annual Barnard prize speaking at Punchard hall last Thursday evening.

As usual the hall was crowded with the many relatives and friends of contestants who had come to enjoy the competition. Everyone of the speakers was greeted with a burst of generous applause on the completion of his or her number and most everyone received a bouquet on leaving the platform.

Beautiful floral decorations concealed the front of the stage and crepe paper rosettes partially concealed the electric light bulbs.

Principal Baldwin presided, introducing the speakers as they came forward to perform their part in the program. Those participating were chosen from the excellence of the essay which they had submitted. Any member of the Barnard school may compete and the ten best essays are picked out. The prizes are awarded mainly on the merit of English and composition, with a small percentage reckoned in for oratory.

The prize winners this year were from the lower classes, '04 and '05. Henry W. Boynton, Walter Y. Durand and Mrs. Matthew S. McCurdy acted as the committee of award. The first named of these, Mr. Boynton, announced the winners as follows: 1st, Flora Baldwin Lindsay, '04; 2nd, Harry Davies, '04; 3rd, Alice Gertrude Barker, '05.

During the retirement of the committee several very pleasing selections were rendered by the Misses Alice and Charlotte Cox on the violin, accompanied by Miss Annie Smart on the piano.

ANDOVER NOTES.

Correspondent Tells Some Interesting Things About The Old Town And Its Residents.

"I have stood on the Acropolis at Athens, I have climbed Mont Blanc, I have journeyed around the world, and nowhere have I found a fairer view than this. Our own United States is the most glorious country on the earth. Massachusetts is the grandest state in the Union. There is not a finer county in the state than old Essex, and there is not a better town in the county than old Andover."

These were the words of the late Rev. Joseph Cook; each sentence spoken with his well known explosive enthusiasm, as striding back and forth on one of Andover's hill-tops, he gazed on the wide view before him and breathed great draughts of air that seemed to come straight from the far away mountains.

Andover is, indeed, a fair place to look out from, and no less fair for a home with it. It has a commanding location and is lavishly endowed with natural charms. To be sure, many of its beauty spots have been ruthlessly destroyed, but beauty lovers trust that the day of such destruction has gone by and look with genuine pleasure to a more promising future.

The story of the "Indian Ridge Reservation" will interest generations to come and the four Andover women who made this purchase possible will be held in grateful remembrance. "Carmel Woods" is another beauty spot, with thirty-five acres of hill and dale, which the town wisely set aside to be preserved and improved for a park. Work is now going on at the field adjoining the grounds of the public schools, which, it is to be hoped will, in time, convert this barren field into a place to be proud of. One can already see in imagination "The Common," with its beautiful green sward, fine trees, flowering shrubs, well shaded walks, band-stand, benches, fountain, birds and squirrels, and think of it as a place where every man, woman and child in Andover may enjoy its charms with a common interest in its proprietorship.

Andover is fortunate in having a live "Village Improvement Society," one that makes the most of the funds that come into its treasury, and could use much larger sums to the advantage of the town. The "Manse Green" and "The Boulders" show the work of the Society in seeking out unsightly waste places and covering them with living green. Last but not least, it has done vigorous work in destroying the pests that everywhere menace the foliage of the roadsides.

There is unusual building activity in town at present. The new "Gym" lately finished proves most satisfactory and is said to be one of the finest equipped gymnasiums in the world. Work is going on at the archaeological building, which, when completed, will be a notable feature on Main street. Professor Moorehead (curator of the department of Archaeology) and family are living in the attractive old colonial house, formerly the home of Professor Coy. The new K. O. A. clubhouse will doubtless be ready to move into at the beginning of the next school year.

Abbot Academy Notes. THE GERMAN PLAY.

Tuesday evening, June 3, the German department of Abbot academy gave to the school and its friends a thoroughly successful presentation of scenes from the fourth act of Schiller's exquisite drama, "Jungfrau von Orleans," and of Mark Twain's lively farce, "Meister-schaft." Under the careful direction of Fraulein Schieffeder the details of both plays were excellently managed.

The garden scene in the Jungfrau with its shrubbery, flowers, and background of evergreen was artistic and effective. The Maid of Orleans, clad in bright armor and helmet, holding the white and silver fleur-de-lis flag of France, carried herself with the simple dignity characteristic of the historic Joan, and delivered her lines not only with a true German accent, but with sympathetic interpretation. Agnes Sorel, in a charming court gown of green velvet, made her eloquent appeal to the Maid with much grace and sweetness.

The gay-colored crowd of eager peasants thronged about the Jungfrau with a naturalness which was most pleasing and convincing and which was gained by the sincere and intelligent acting of each peasant.

Following the scenes from Schiller came the delightful funny "Meister-schaft," a farce half in German and half in English. The actors, spurred on by the enthusiastic audience did their very best, entering into the spirit of the "system" with considerable dramatic ability. After the plays the audience joined the actors in singing the stirring "Wacht am Rhein." The department certainly gave the school and their friends a most delightfully entertaining as well as a proof of their careful and able work in the study of German.

Last Saturday Miss Kelsey conducted a party of eight young ladies to Nashant to a geological expedition.

Under the chaperonage of Miss Kelsey and Miss Mason several young members of the school spent the Wednesday holiday in visiting the places of historic interest in Concord and Lexington.

MORE SMALLPOX

Disease Spreads and Compulsory Vaccination Enforced by Board of Health.

Since last Thursday, the number of smallpox patients has increased from three to eight. The new victims are Morris and John Collins, father and brother of Mrs. William H. Welch, in whose family the dread disease made its first appearance, Miss Annie Collins, book-keeper for William H. Welch, Mrs. John Collins and Frank Bowley of North Main street, a teamster for Walter French.

Morris Collins has been a fireman at Smith & Dove's for many years. He was found to be seriously ill with smallpox Friday and his house which had already been quarantined was placarded. It was expected that he would have the disease as he has been a frequent visitor at his son-in-law's house. John Collins was taken sick at about the same time and his house quarantined. Miss Collins was taken ill the latter part of last week. Mrs. John Collins was reported to have smallpox on Tuesday night, and Bowley on Wednesday morning. The latter's house was quarantined Tuesday for it was then almost sure that the case was smallpox. Mr. Bowley's wife was thought to have smallpox when the scare first started as she was ill and had been washing for Mrs. Welch. There are four children in this family which resides at 99 North Main street.

The board of health, through its agent Mr. Smith, has fumigated many places in town including Mr. Welch's store and St. Augustine's church. Watchmen have been stationed, both day and night at the various houses which have been quarantined but it has been stated that they have not been attending to their duty properly and do not keep a close enough surveillance. Chief Frye says that this is not so.

Dr. Magee was engaged by the board of health to care for all local cases. Besides ministering to the victims, he also investigates all instances where suspicion of possible contagion may exist.

The board of health's compulsory vaccination order has been complied with to a certain extent and now the board has ordered that the employees in all the local corporations be vaccinated.

On Thursday it was decided that Mr. Bowley be removed to the house of John Collins on the new street back of Washington avenue and this was done. The home on Main street, a particularly dangerous situation for spread of the disease, was thoroughly fumigated and the quarantine removed after the patient's removal.

No new cases were reported yesterday and it is hoped that no further spread of smallpox will be experienced in town.

Obituaries.

MRS. S. E. LOVERING FARNHAM

After a long illness of five years, during which pain and suffering was borne with unceasing cheerfulness and patience, the death of Mrs. Susan E. Lovering Farnham, wife of Moses L. Farnham came peacefully on Sunday afternoon shortly before 3 o'clock while she was surrounded by her family circle.

Deceased was a native of Andover having been born in the West Parish on August 6, 1818, close to the Haggetts Pond station and has resided in town all her life. She was one of 13 children, nine of whom, seven brothers and two sisters, are still living. When two and a half years old, she was taken into the family of Mr. and Mrs. Calvin E. Goodell of the West Parish and was brought up by them. Her parents soon moved from Andover to Harvard, Mass., but she remained here.

Her education was derived from attendance at the public schools and Pynchard. Early in life she became interested in church work and joined the West church when 14 years of age. After her marriage with Mr. Farnham on April 7, 1870, she joined the South church by letter and has been a member ever since. Her husband, at the time of their marriage was a clerk at Smith & Mannings store with which firm he has been connected ever since.

Mr. and Mrs. Farnham have lived for about 25 years on High street. Deceased is survived by her husband, a son Herbert L. and two daughters, Laura and Ida. A daughter, Hattie, died in 1885. Funeral services were held from the house, Wednesday at 2 o'clock, Rev. F. R. Shipman officiating. A quartet consisting of Miss Burr, Miss Trickey, Miss Holt and Miss Carter, sang several selections. The floral offerings were very beautiful and numerous. The bearers were George Saunders, William G. Brown, Barnett Rogers and James Spence. Burial was in the West cemetery.

RALPH DUDLEY BALDWIN

Word was received yesterday morning of the death of Ralph Dudley Baldwin, son of Principal F. O. Baldwin of Pynchard. For the past two years his health has been undermined and he has been in the West and New Mexico striving to regain his strength once more. The insidious disease finally proved too much for him, however, and he passed away in Albuquerque, New Mexico, yesterday morning. His mother was with him at the end.

Deceased was born in Lynn. In 1888 he came with his parents to Andover, where he attended Pynchard, graduating in the class of 1898. During the succeeding two years he was a student at Dartmouth and it was at the end of the second year that his health gave out. In October of that year he started West accompanied by his mother, who returned in March of the present year.

Ralph was a general favorite with the young people with whom he was associated and his death will be greatly regretted.

Besides his father and mother, he leaves one sister, Florence. The body will be brought to New Providence, Iowa, his mother's early home, there to be interred beside the remains of a brother who died in infancy.

Phillips Academy Instructor Resigns.

Howard I. Ford has resigned his position as instructor at Phillips Academy and expects to go into business next year. Mr. Ford came to Andover immediately after his graduation from Amherst in 1894, as instructor in French and Mathematics. On the year following he was appointed instructor in English, a position he has occupied to the present time with the exception of one year during which he was absent on account of his health.

Card of Thanks.

We wish to express our sincere thanks to the hosts of neighbors and friends who have shown such unceasing kindness during the long illness and since the death of the late Mrs. Farnham.

Wedding.

MOORE-STEVENS.

A pretty but very quiet home wedding was celebrated at the house of Mr. and Mrs. F. W. Moore, the groom's parents at Allston, Monday, June 2, at 12 o'clock. Relatives only were present.

Rev. J. E. Perry of Allston was the officiating clergyman and the parties to the marriage contract were Frederick George Moore of Andover, connected with the Merrimack Insurance Company, and Miss Effie Mae Stevens of Lynn.

While the guests were assembling, appropriate music was played on the piano by Miss Grace Eaton Dow of Allston.

The bridal party entered the room where the ceremony was performed to the strains of "Lohengrin's" Wedding March. The bride was met by groom and best man, his brother Robert L. Moore, and the solemn service followed. At the conclusion of the ceremony Mendelssohn's Wedding March was played.

The maid of honor was Miss Caroline H. Moore and the ushers were Robert L. Moore and Albert A. Harris.

Beautiful decorations of flowers and palms transformed the rooms into bowers of fragrance and a delight to the eye. The bride wore white silk muslin with rose applique and a sunburst of pearls, the gift of the groom. She carried lilies of the valley. The maid of honor wore a gown of light blue silk muslin and carried bride roses.

A reception followed the ceremony and a lunch was served.

Mr. and Mrs. Moore left in the afternoon for a short trip through Maine and on their return will reside at their new residence on Elm street. They will be at home after September 1st.

Mr. and Mrs. Moore received many beautiful presents from their numerous friends.

BELL-STOVER.

The Boston Globe says, under date of Amesbury, June 4:

A society event here was the marriage of Miss Nellie May Stover, only daughter of Mr. and Mrs. A. Lincoln Stover, and Charles Henry Bell of Andover, which took place at the Market Street Baptist church at 6 o'clock this afternoon.

The decorations at the church consisted of palms principally, while those at the house were of ferns and cut flowers.

For a half hour before the arrival of the bride party, Miss Clara Thwing, of Boston, formerly of Amesbury, who presided at the organ throughout the service, gave a recital.

The bridal chorus from "Lohengrin" was played as a processional, and Mendelssohn's wedding march for the recessional. "Perfect Love" was rendered in a minor key while the marriage vows were being given before the clergyman.

The groom, attended by John H. Richardson of Lawrence as best man, met the bride party at the pulpit. The bride entered the church leaning upon the arm of her father, by whom she was given in marriage, and was preceded by the ushers, Austin A. Heath of Worcester, Clinton I. Nash and Fred L. Winckley of Lawrence and Henry S. Thompson of Cambridge.

Miss Myrtle E. Smith and Miss Harriet C. Stockman of Cambridge, Miss Stella F. Wilkins of Medford and Miss Bessie M. Young of Lancaster, N. H., were bridesmaids, and Miss Annie M. Perkins of Ogunquit, Me., was maid of honor.

The officiating clergyman was Rev. James E. Norcross, pastor of the church.

The bride was gowned in white crepe de chine over taffeta, trimmed with heavy silk medallions, and cut en traine. She wore a bridal veil and carried a huge bouquet of bride roses.

The maid of honor wore a gown of Nile green louisine silk and white silk lace, with a shower bouquet of sweet peas. The bridesmaids wore white and Swiss muslin, without gloves and carried shower bouquets of sweet peas.

Immediately following the services at the church a reception was held at the home of the bride's parents, 102 Market street.

The wedding party, with Boston and Cambridge friends, left for Newburyport by special electric from the bride's home at 7.10, and the evening train was taken for Boston.

Mr. and Mrs. Bell will make their home in Boston.

estate he lately bought of Mr. Amos Blanchard. He is making large additions to the house, fitting it up with luxurious appointments for a permanent home. An alumnus of Phillips Academy, Mr. Williams knows where to locate to educate a family of children.

Washington is represented here by the family of General Greely—now occupying the home of the late Dr. Bancroft. Mr. Andrew Lawrie and family come again this season to the fine old place on the Hill that is still fondly called the Professor Harris house.

Mr. and Mrs. Shattuck of Salem, will occupy the home of Professor Forbes during the vacation outing of the family. They may consider themselves in luck to step into a furnished house for the summer so charming in itself amid such beautiful surroundings.

The summer homes of Mrs. Coburn and Mrs. Byers grow more beautiful each year. Passers by go slowly to enjoy the beauty of lawn and garden.

The Misses Means are among the earliest of the summer residents. Their loyalty to Andover, their many friends and their attractive home call them away from the city at the first hint of spring. Their place is an object lesson, showing how a wild hill-top can be transformed into a blossoming garden in a very short time by intelligent, well-directed effort.

The estate of the late Miss Nesmith has been purchased by Congressman Knox who is repairing and improving the fine old house in view of making it an all the year round home. The place has many broad acres, grand old trees, an Andover Hill view, and as a residence is very desirable.

The question of transporting the dear old Theological Seminary to Cambridge, Hartford, Atlanta, Chicago and elsewhere, has once more been revived in the papers. If the seminary is nearing its end, why-embitter its last days by wrenching it up by the roots and removing it where it will perish by losing its identity? Why not let it die in its own bed surrounded by its best friends, who will bless it for the good it has done, reverse its traditions and sincerely mourn its loss?

But Andover does not believe that the good work of the seminary is finished. It believes that it has a good chance to revive where it has stood for nearly a century, and that "the general interests of mankind require" that it shall remain "upon its own superb and hallowed hill-top."

These notes, beginning with the words of Rev. Joseph Cook, shall end with a bit from a letter written by Mrs. Harriet Beecher Stowe when traveling in Switzerland: "But still I find no land, however beautiful, that can compare with home. Andover Hill with its arched elms, its blue distance pointing with spires, its Merrimack crowded with labor faces, and above all, an old stone house, brown and queer, etc. Goodby." S. N. C.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food, or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price 25 cents. LAWRENCE WOMEN'S CLUB.

At the residence of Mrs. C. R. Stanley Jackson terrace, Wednesday afternoon was held the annual meeting of the Lawrence Women's club at which officers for the coming year were elected and a large amount of other interesting business was transacted.

In the absence of the clerk, Miss Prescott was appointed clerk pro tem. The corresponding secretary read the clerk's report of the April and May meetings and also the annual report. All were accepted as were also the report of the corresponding secretary, Mrs. Thomas Cogwell and the treasurer, Mrs. A. M. Grover. The chairman of the art class, Mrs. J. L. Brewster, was not present, but for her Mrs. S. W. Abbott reported that the subject for next year would be American and French Art of the Present Day.

Mrs. George Seldon, chairman of the Household Economics department gave a brief report of the work of the class and alluded to the future plans.

The corresponding secretary read a communication from the Park Commissioners about the brown tail moth, and the secretary was instructed to acknowledge its receipt, congratulate the commission on its success with the brown tail moth and express the hope that the commission may be equally successful in its struggle with the elm tree beetle.

Notice of the annual meeting of the State Federation at Wellesley, June 12, at 10 a. m., was read and a letter from the Fortnightly club expressing its pleasure in the invitation extended by the Woman's club to listen to Mrs. Mabel Loomis Todd, was also read.

The president's address was then read and the nominating committee's report was made and accepted, after which the secretary was instructed to cast one ballot for the entire list of officers reported.

The report follows:
The nominating committee presents the following list of names for the officers of the Woman's club for the ensuing year:

President, Mrs. George C. Howard.

Vice president, Miss Mary L. Saunders.

Clerk, Mrs. Fred St. C. Herrick.

Corresponding secretary, Mrs. Thomas M. Cogwell.

Treasurer, Mrs. Henry Leslie Sherman.

Directors, for three years, Mrs. Edward A. Fiske, Mrs. William H. Moore.

Two years, Mrs. Charles R. Stanley, Miss Ellen Payne.

One year, Mrs. Frank O. Kendall, Miss Clara Prescott.

Auditor, Mrs. Aretas R. Sanborn.

(Signed)
Clara R. Crawford, Chairman,
Mrs. Charles G. Carleton,
Mary H. Stone.

The president's address was as follows:

In the first number of T. S. Arstrand Ladies' Companion issued January 1845, appeared this steel engraving lady with appropriate lines to the white-browed Calantha. From her head those sun-kissed curls clustered about her marble brow, to her tiny feet, probably encased in paper slippers, side-laced cloth gaiters, could there be a more complete contrast, than to our own athletic beauties comfortable in shirt waist and short skirts with fair sized feet, also comfortable in thick extension soles, tramping their merry way over the golf links.

The literary ideal of the period cannot be better thought of than to compare the environments of the young woman of that period with the present time—the gradual change, the slow widening of the horizon of womanly independence, the evolution of the delicate, sensitive, fainting heroine, Amanda, of the "Children of the Abbey," who lifted "her streaming eyes to heaven" over seventy times by actual count in the two volumes, to the present brilliant club woman, such an one as spoke to us last week. In this limited result the Woman's club is the principal factor.

The Sorosis club of New York was the pioneer club of this country, that is a club. Really the society in Lowell formed by Lucy Larcom, who edited the Lowell Offering, was in all intents and purposes a literary club. The Sorosis was incorporated in 1838, through the courage of eight residents of the city, and numbered at first about twenty members. That it was needed you may judge from the fact that the meetings were held bi-monthly at Delmonico's, and previous to these meetings no woman, unattended, even in broad daylight, could procure a meal at a first class restaurant in New York City. Also restrictions negated about evening entertainment of lectures, concerts, theatre, etc. Thus to women's clubs are due the freedom we now enjoy in such pleasures and in furthering the so-called new women's movement.

The meeting, reading, writing and speaking, the forming of helping societies of women for women are the great factors of the present time. Tears and prayers are not the only helps given. In the large cities the societies are numerous for charity, and the Women's club point with pride to the work done—summer schools, free kindergartens, hospitals, reading rooms and beautiful surroundings.

What constitutes the present Woman's club? Ordinarily it is an organization based on an intellectual basis, formed for every conceivable interest, mostly literary in character, some scientific. Among the subjects are, archaeology, social science, politics, economics, civil government, nationalism, mothers' clubs, duties of women, sanitation, cooking; even there is a report of one theological club, where members flounder through abstruse problems and let us hope do not criticize their unfortunate pastor.

The Lawrence Women's club has completed its tenth year, do the members realize? Ten years ago the 31st of May the meeting was held, called by the committee from the Wednesday morning class at Mrs. W. F. Sherman's where the officers and directors were elected and the first meeting appointed. Young: The club then numbered 60, and of that number only 29 are now active members; seven are honorary members; four have died; the rest removed from the city. We may feel satisfied to look back upon our past. We have listened to most of the prominent speakers of the day. We have never been torn with dissensions, as so many of our sister clubs, our board of officers and directors working harmoniously for the greater good of the club. While we have not taken up any great philanthropic work, we have always stood for every good object and contributed freely to every charity, when called upon, and we cannot better close our tenth anniversary than by repeating the closing sentence in our president of beloved memory, first annual address:

"If this were a banquet, I would propose as a toast, the Lawrence Women's club, born under auspicious circumstances, may its existence be an es- from which shall emanate an influence for good in our community, which shall be far-reaching, uplifting and undying."

A special lot of desirable dress goods remnants, just received direct from the mill, on sale at one third less than regular prices, at Farr's Remnant store, 38 Appleton street, Lawrence.

METHUEN.

Rev. W. R. Libby will preach a baccalaureate sermon to the high school graduating class at the Gleason Memorial church, June 15.

Rear Admiral Edward T. Strong of the U. S. N. (retired) is visiting his cousin C. H. T. Mann, in town. Admiral Strong's home is in Albany, N. Y.

The King's daughters of the Congregational church will hold a lawn party on the grounds of Mrs. Clara A. Carleton, 35 Pelham street, Wednesday evening of next week.

James R. Fogg observed his 80th birthday in a quiet manner Wednesday, at his home on Pelham street. During the day a number of friends called upon him, and presented him with a silver watch.

The body of the unknown man who was found in the Merrimack river Friday morning was yesterday buried in Walnut Grove cemetery. A number of out of town people had been to see the body, but it was not identified.

Rev. W. B. Taylor has been in Fall River for a few days. The pulpit at the Primitive Methodist church was occupied Sunday morning by Rev. Mr. Ayer of Andover. Rev. Mr. Graham of West Newbury spoke in the evening.

The date of the Methuen Improvement society vaudeville exhibition has been definitely fixed for Thursday evening June 13, at Nevada Memorial hall. The Columbian orchestra will furnish music for dancing at the close of the entertainment. Some excellent talent has been secured for the vaudeville performance.

Albion H. Russell, son of Frederick A. Russell died Monday morning at the family home, 67 Merrimack street, aged 23 years. The deceased was a well known and popular young man in the district in which he lived. He was a native of Methuen and had always resided here. Besides his parents he leaves one brother. The funeral will take place Wednesday, and the interment will be in Hillsdale cemetery. Tickets will soon be on sale for the vaudeville entertainment to be given by the Improvement society on Thursday evening, June 13. All residents of Methuen should help the good cause along and purchase tickets. The limited number of persons that Memorial hall will accommodate and the probable great demand for tickets, owing to the novelty of the entertainment, should insure a speedy disposal of all seats in a short space of time.

The lawn party under the auspices of the Ladies' Aid society of the Methodist church will be held in Ingelwood Wednesday evening, June 11. There will be an entertainment and ice cream cake, lemonade, etc., on sale. The committee in charge consists of the following: Mrs. S. W. Young, apron table, Mrs. Roscoe Fife, Mrs. George E. Blanchard, Mrs. Kimball and Mrs. Edgar Silver; entertainment, Mrs. Samuel Emerson and Mrs. A. P. Whitten. The entertainment will consist in singing by children.

The selectmen have not yet taken any action in regard to the franchise asked for by the Lawrence and Methuen street railway company, but will probably do so shortly. Engineer Dean stated at the hearing that he thought that if the franchise were granted the line would be open by the middle of July. The company is having some difficulty in securing their rails, however, and it is doubtful whether the required amount could be secured by that time. The lack of rails is what is causing the delay on the line which is being partially constructed through the town at the present time. It is understood that it will be necessary to import the iron from abroad.

The time limit when the Lawrence and Methuen street railway should have been in operation, and when the double tracks of the Boston and Lowell street railway company should have been completed, expired Sunday night. In the former case the line is not in operation, nor is it very near that state, consequently, at the request of the officials of the road, the selectmen Saturday granted an extension of time until August 1. In the case of the Boston & Northern the company has lived up to their agreement, and have virtually completed their double tracks, so that no extension of time was necessary in this case. The double tracks are completed about as far as they can be until the roadbed is repaired by the town, and the Lawrence & Methuen road is ready to make the connections necessary to enter upon the tracks at Oakland avenue and Centre street.

Saturday, Mrs. Fannie Grant, widow of Benjamin P. Grant, observed her 32nd birthday at her home on Lowell street in a quiet manner. She is in good health, and was able to receive the friends that called upon her. Mrs. Grant is the second oldest woman in town, Mrs. John A. Stevens who will be 94 years of age in July, being the oldest. Mrs. Grant was born in North Andover where she passed the first 45 years of her life. She came to Methuen about 40 years ago and has ever since made this town her home. She was one of a family of 12 children and is the only one living today. Mrs. Grant's husband died many years ago. Mrs. Grant has one daughter, Mrs. Lucy Mann, one son Varnum Grant of Lawrence, one grand child, three great grand children and 25 cousins. During the past winter, Mrs. Grant was especially active. She spent much of the time making rugs and during the cold season she completed more than 20. They were all drawn in by hand.

DRAMA PRESENTED.

After the regular meeting of Minerva Rebekah lodge I. O. O. F. held Wednesday night the members and the guests were entertained with the presentation of a very interesting and laughable farce entitled "Murder will out." The cast of characters was made up of the members of the lodge, and the drama was well presented and afforded much pleasure. The only unsatisfactory feature about it was that it was not long enough to satisfy the desires of the audience. The time of representation was about 30 minutes. The general idea of the play was as follows: Lena Stiles was the daughter of a minister, and while her father was away to a conference had been left with her grandmother. She had planned to enjoy herself during the two days' absence of her father, by attending a masquerade ball with two of her friends the first night, and taking part in a drama the next night. She has much difficulty in getting her grandmother to bed so she can get ready for the ball. This is finally accomplished, and her two friends are admitted to the house. While they are in the attic digging out old clothes for the masquerade costumes, Bridget O'Flaherty, who is looking for a situation arrives. The colored cook, Dinah, has a very amusing dialogue with her. Finally she is told to stay during the night. Bridget later returns to Lena's room, and hearing some one coming, hides in the wardrobe. The three girls enter dressed in their masquerade costumes. They start to rehearse the play which is to come off the next night, and talk about the murder in it. Bridget thinks they are burglars, and are going to murder some one, so is naturally frightened. Soon Lena wants a part of her costume which is in the wardrobe, and tries to open the door. It sticks at first, but at last she pulls it open, and Bridget screams. The girls think her a burglar, and call for help. The grandmother comes, and takes the girls in masks and masquerade costumes for the burglars. This is explained by Lena. Dinah soon arrives on scene with a gun, and creates a lively scene, but at last succeeds in getting Bridget out of the closet. Lena then finds it necessary to explain to her grandmother why the girls are thus dressed, and also that they were intending to participate in a play the next night. Her grandmother is shocked, but promises to say nothing about it to her father. The play was very laughable and all the participants deserve much credit. Mrs. John Q. Hill took the part of Dinah the colored cook, particularly well. The play the actors addressed each other by their true names instead of the names in the cast, and this made the acting somewhat livelier. The cast of characters follows: Grandmother Stiles, an old Yankee woman, Mrs. Fred M. Swain; Lena Stiles, the granddaughter; Miss Sarah Coburn; Mary Taylor and Minnie Sprague, Lena's friends; Eva Merrill and Grace Brown Dinah, the colored cook; Mrs. John Q. Hill; Bridget O'Flaherty, looking for a situation; Mrs. J. D. Price; The committee in charge of the entertainment comprised Mrs. Geo. W. Barnes, chairman, Mrs. John Maguire, Mrs. John Q. Hill, Mrs. Fred M. Swain, Mrs. J. D. Price, Mrs. Lizzie Morton, Mrs. Geo. Bradbury, Mrs. T. W. Coburn, Mrs. Geo. W. Copp, Mrs. Daniel Saunders, and Mrs. Alice Marsh.

HEARING HELD.

A hearing was held Monday night before the board of selectmen in the town hall on the question of granting a franchise to the Lawrence & Methuen St. Ry. company to construct tracks on a portion of Pelham street, and to operate tracks across the private land from a point near Cross street to the Pelham line. There were hardly more than a dozen present. The company was represented by Lawyer Fuller of Haverhill, and Engineer Dean. After the meeting was called to order by Chairman Edward A. Bower of the board of selectmen, and the petition read, Mr. Fuller explained what the plans of the company were. He said that it was the intention "to construct a line as nearly direct as possible to Canobie lake, so as to connect Lawrence and Methuen directly with that resort. Eventually, he said, the company intended to extend the line from the lake to Manchester, thus connecting Manchester and Lawrence with one direct line. John Q. Hill spoke in opposition to the tracks crossing his land, stating that he considered that it would be a shorter route to construct the line directly along the street. Engineer Dean explained the difficulties in the way of doing this. As there were no more remonstrants the hearing was declared closed and the board reserved its decision.
